## STRONG ATTEMPT TO FORCE THE STRAITS

### ALLIES AT THE DARDANELLES HAVE LANDED A POWERFUL ARMY

#### GREAT TURKISH FORCE OFFICERED BY GERMANS ASSEMBLED TO DEFEND PENINSULA OF GALLIPOLI

London, April 27.—A dispatch today from Mitylene says the bombardment of the Dardanelles forts is proceeding favorably to the allies. The Turkish forts on the Asiatic side near Smyrna are also being bombarded.

Fierce fighting is progressing between Turkish and allied troops who have landed on the Gallipoli peninsula. The city of Enos, on the north side of the Gulf of Saros, has been made the main base for the allies. The Turkish garrison there retired to the interior without firing a shot. The allies have landed there a hundred thousand troops, mostly veterans.

Under terrific shelling from the warships, mine sweepers entered the straits and began clearing away the Turkish mines.

These hundred thousand Turkish troops are assembling on the Gallipoli peninsula. They are commanded by German officers. Reinforcements for both sides are on the way.

#### BOSPHORUS END IS BEING BATTERED

Petrograd, April 27.—Turkish forts only fifteen miles from Constantinople were bombarded by the Russian Black Sea fleet Sunday. Several forts are believed to have been badly damaged. Turkish warships in the straits retired before the rain of shells.

#### GERMANS PUT CANADIAN PORTS IN JEOPARDY

##### Strong Naval Force Said to Be On Its Way Across the Sea

Portland, Ore., April 27.—A German fleet is headed for the Atlantic coast of Canada to bombard important cities and fortifications there, according to a letter received by Capt. Carl Brauck, master of the German bark Dalbek, interned here since July 23, from a friend who is a deck officer of the German navy.

#### CITY COUNCIL HONORED A FAITHFUL SERVANT

##### Old Negro for More than Fifty Years an Employee of Augusta

Augusta, Ga., April 27.—The entire city council yesterday attended the funeral of Robert Young, a negro who had been in the city hall as janitor for fifty-one years.

#### DOZEN STICKS OF DYNAMITE

##### Dealt Death to Italians Working on the Kensico Dam

White Plains, N. Y., April 27.—Seven Italians were killed and eleven injured today, when a dozen sticks of dynamite exploded at the eastern end of the New Kensico dam at Valhalla, a hundred feet below the surface.

#### BAD STATE OF AFFAIRS IN BUDAPEST

London, April 27.—A state of siege has been declared in Budapest, Hungary, says a Copenhagen News dispatch.

#### WAIT

The Star is informed that a couple of parties of men went to the county jail last night, presumably with the intention of taking out and lynching Will Smith, who brutally insulted a young lady Saturday night. Each party was sent away with a flea in its ear.

The Star would most emphatically advise against interfering with Smith as long as he is in the hands of the officers of the law. The almost certain result would be that several good men would be hurt, and that would be a heavy price to pay for the punishment of one miscreant.

#### SOMACH TROUBLE CURED

Mrs. C. G. Cleveland, Arnold, Pa., writes: "For some time I suffered from stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.—Adv.

## EQUAL SUFFRAGE KNOCKED OUT

#### MINORITY IN THE HOUSE WAS TOO STRONG TO OVERCOME MONDAY

Tampa, April 26.—A special to the Times from Tallahassee says: Equal suffrage failed by fourteen votes to secure the necessary three-fifths majority in the House today to submit the constitutional amendment to give women the right to vote. The House took up the Paul resolution providing for submission of a constitutional amendment, rather unexpectedly shortly before noon today, and there was mild excitement in certain quarters. Representative Paul forced the resolution to a vote under waiver of the rules and the cause received thirty-one votes to twenty-four against. Eleven members present did not vote and five were absent.

Those voting against submission of the amendment were: Cash of Taylor, Crosby of Marion, Davis of St. John, Edge of Lake, Forehand of Lafayette, Harrison of Duval, Jones of Nassau, Lake of Seminole, Langford of DeSoto, Milliner of Madison, Parker of Alachua, Pruitt of Leon, Putnam of Volusia, Rivers of Columbia, Roberts of Monroe, Stevens of Citrus, Strickland of Leon, Turnbull of Jefferson, Varnadoe of Calhoun, Wilder of Hillsborough, Williams of Bradford, Wilson of St. Johns.

#### MARION TRUCKERS ARE PROSPEROUS

Times-Union, 27th: "Truck farmers in Marion and Alachua counties are doing exceedingly well this spring," said George Irwin, of Waldo, last evening. Mr. Irwin arrived in the last last evening on business and is stopping at the Albert hotel. From here he will go to St. Petersburg on a fishing trip of several days.

Mr. Irwin stated that the truckers were reaping a rich harvest from lettuce and strawberries. He also said that beans, peas and other vegetables would bring good returns for the truckers. The crops are large and the prices are much better than usual. He reported that one trucker near McIntosh sold \$400 worth of lettuce per day for three weeks. Several others have done as well in those two counties. Business in trucking is reported to be profitable in the entire central western section of the state.

"The good crops and high prices," said Mr. Irwin, "have caused considerable activity in real estate. Several sales have been made recently. The land is well adapted to trucking in Marion and Alachua counties and several thousand acres are in cultivation. More land is being cleared every year and it all seems to be rich and fertile. The farmers, too, are doing well. Good crops are predicted and owing to the war the planters are looking forward to a rich harvest as they believe prices for their crops will be much better than usual. They believe that the farmers of the north will supply Europe with grain and that the crops from Florida will be sold at a good price to the people of the United States who are usually supplied by the northern farmers."

#### NOTHING SO GOOD FOR A COUGH OR COLD

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says: "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.—Adv.

## FORWARD RUSH HAS FAILED

#### BUT GERMANS FIRMLY HOLD GROUND AGAINST FRENCH AND ENGLISH

Berlin, April 27.—Lizierne, the head of the German wedge on the west bank of the Ypres canal, and half a mile from the canal, has been evacuated by the Germans. The new German lines about Ypres are being held firmly. British attempts to recapture the lost ground have failed. The enemy suffered heavily.

French attacks on Hartmansweiler Kopf, in the Argonne, at Combre and Ailly, have failed. The Germans gained further on the Meuse heights and in the Lapretre forest.

#### A MUCH BETTER CAR

There has been much complaint by the traveling public of the passenger coach in use on the tri-weekly train between here and Wilcox. It seems to have served its time as a Jimcrow car somewhere before it was put on that run.

The Star's attention was called to the car and it wrote to Division Superintendent H. O. McArthur about it. That particular line is out of Mr. McArthur's division, but he called the attention of his colleagues to the matter, and the offensive car was promptly replaced with a better one. It is a pleasure to deal with such men as Mr. McArthur, and if there were no other kind in the railroad business there would be very little trouble between the people and the transportation lines.

#### SOLID CARLOAD OF BOTTLES

The Ocala Chero-Cola Company has a solid carload of bottles for its plant with its name and address blown in the glass on the way from the factory at Laurens, S. C. The car was routed via the Southern, G. S. & F. and Oklawaha Valley railroad, and it is thought to be the first solid carload of the last mentioned road has handled into Ocala since the reorganization of the road a few days since. This is the second carload of bottles the Chero-Cola Company has received.

Mr. Jerome Wideman has returned to his home in Palm Beach, having come to the capital and receiving an appointment by the governor to be prosecuting attorney for Palm Beach county. Mr. Wideman spent several years as a resident of Tallahassee in his boyhood days, and was warmly greeted by his many friends. Since his recent graduation from the law department of Stetson University, he has attained marked success in the practice of his chosen profession.—Tallahassee Democrat.

Mr. Wideman is a cousin of Mr. W. K. Zewadski of this city and has a number of friends here who will learn with interest of his appointment.

(Special to the Star)

He considered Platt a "boss" while he, Roosevelt, was governor of New York and consulted him about all appointments and kindred matters.

## FLETCHER OF FLORIDA

Muskogee, April 27.—Mounted cowboys and Indians driving motor cars lent picturesque touches to a parade welcoming delegates to the sixth annual convention of the Southern Commercial Congress, which began a five-day session here yesterday.

In his opening address Senator D. U. Fletcher, of Florida, president of the Congress, asserted that the convention marks the esteem "which the older states of the Southland hold for their youngest sister, Oklahoma."

## DRIVE ON CALAIS MET DEFEAT

### ALLIES AGAIN CHECK GERMAN ADVANCE

#### BERLIN ADMITS POINT OF ATTACKING WEDGE HAS BEEN BLUNTED

Paris, April 27.—German attacks were definitely checked three miles from Ypres. Nearer approaches are strongly held by the allies. The German attempt to drive a wedge between the French and British by furious onslaughts has utterly failed. A News dispatch estimates the German killed alone at 10,000.

The French have taken Hetsas, a Ypres canal town. The allies have advanced to near St. Julian. The French recaptured the town of Ypres, on the west bank of the Ypres canal, after four days' hard fighting. It is reported the kaiser reached the Flanders front late yesterday.
